Hi Donna,

didn't know if you wanted to glance through the package or not - left you a voice mail. It's with Duncan and Terry, and I have a few wordsmithing changes from Joan to put in the comment resolution. However, the package is generally complete and will give you an understanding of the comment resolution approach if you want to start looking at it. I'm still hoping for thursday, Friday at the latest, to get it out for office concurrence.

the ML for the package is: ML091040200. the ML for the comment resolution is: ML091950400. let me know if you have trouble accessing them - I haven't double-checked anything yet.
