Gentlemen:

The staff has reviewed your submittal of October 31, 1986, enclosing replacement pages to Part I - License Conditions of your Consolidated Application. Your submittal reflects a change in the management structure of your facility and requires a request to the NRC for a license amendment of your Special Nuclear Materials License No. SNM-639 authorizing this organizational change.

Your amendment request should be submitted in accordance with 10 CFR 70.34 and filed in accordance with 10 CFR 70.21(a) to the Director, Office of Nuclear Material Safety and Safeguards; U.S. Nuclear Regulatory Commission, Washington, DC 20555, with the appropriate license fee. In addition, page I.2-9 of Part I - License Conditions needs to be changed to be consistent with your request. Updated pages for Part II - Safety Demonstration of your Consolidated Application should also be provided.

If you require any further information, please contact A. Thomas Clark, Jr. of my staff on 301-427-4205.

Sincerely,

Original signed by  
Leland C. Rouse
