Dear Mr. Hillman:

Cintichem, Inc. is planning a spent fuel shipment to the Savannah River reprocessing plant in South Carolina the early part of December 1985.

Cintichem is the form Union Carbide facility in Tuxedo, NY. Cintichem purchased the site from Union Carbide Corporation with all licenses and permits transferred to Cintichem on August 1, 1985.

We are planning one shipment of 24 MTR type fuel elements using the Battelle BMI - 1 shipping cask. Tri-State Motor Transit will be the carrier.

Cintichem requests approval of the route previously used by Union Carbide in September of 1981. The planned route is:

Cintichem site,	I-81 to I-40
Long Meadow Road to NY 210/17A	I-40 to I-26
NY 210/17A to NY 17	I-26 to SC 72
NY 17 to I-84	SC 72 to US 25
I-84 to I-380	US 25 to SC 19
I-380 to I-80	SC 19 to US 278
I-80 to I-81	US 278 to Facility

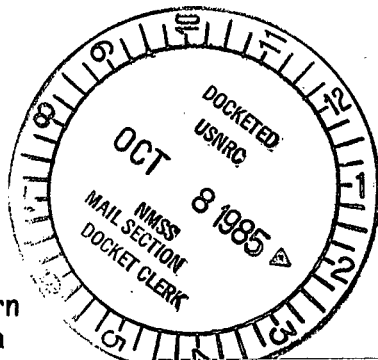

Thank you for your assistance in this request.

25863

Sincerely,

H. C. Hart
