RE: Request for Additional Information Regarding the Notification Dated May 20, 2008 For the Master Materials License (MML) Amendment- In Entirety Package, Your Letter 13 November 2009

Dear Ms. Browder

This reply pertains to the Air Force MML (Docket 030-28641, License 42-23539-01AF, Control 471813). We are currently revising Air Force Instruction 40-201, *Managing Radioactive Materials in the US Air Force* to address MML and Air Force related issued. We anticipate the coordination process to take approximately six months; therefore, we desire an extension on the reply until 15 June 2010.

We look forward to receiving comments on the draft Letter of Understanding. If you have any questions regarding the MML renewal application, please contact me at (703) 588-6341 or Lt Col Robert Rodgers at (703) 588-6306.

Sincerely,

  
CRAIG L. ADAMS, Lt Col, USAF, BSC  
Chief, USAF Radioisotope Committee Secretariat
