Subject: RAI, Change in Decommissioning Funding Plan

(NOTE: This will be used as the
Documents Title in ADAMS)

Mr. Haleem,

Two items that need explaining associated with your Decommissioning Funding Plan (DFP) which is different from your plan that you submitted in 2007. The glove box bulk solids went from 160 cubic feet to 100 cubic feet and the Vitrified radioactive waste went from 2500 lbs to 500 pounds. Mr. Haleem explained that they had gotten rid of one glove box which accounted for the difference and forgot to reduce the number of glove boxes in the plan. He also said that they got rid of all Vitrified waste and that the 500 pounds was just a place holder incase they started making vitrified waste again.

Action Required: Approve the DFP
