Dear Mr. Miller:

Authorization is requested for the use of Technical Operations, Inc., Burlington, Massachusetts, Model 518 Leak Test Kit, for the Source Wipe Tests to be performed on the sealed Cobalt 60 sources covered by this license, in conformance with Section 30.24 (G) of 10 CFR.

This Kit # 518 has been used in the previous wipe tests of these cobalt sources. Our attention has been directed to Paragraph 6 of Section 30.24 (G) of 10 CFR. In compliance with this section, we are requesting your approval of our present wipe test procedure.

Very truly yours,

James J. Cullen
