Subject: RE: question

I'm not sure - The program falls within the Bureau of Environmental Radiation - the state uses BER a lot in their application. The highest level of organization is New Jersey Department of Environmental Protection - NJDEP.

Is VDH the highest organizational level, or does it fall in between?

Subject: question

In the staff assesment, what abbreviation for New Jersey are you planning to use? Ex: in the Virginia Assessment I used VDH throughtout the paper to stand for Virginia Department of Health. Let me know.

Thanks!
Monica
