Here is Joan's email on her review. Dennis and I haven't checked the reference to 11e(2) but we think that is in the "whereas" paragraph that says we can relinquish authority. I'll look at that.

Dennis/Torre,

I completed the legal and enforcement review and only have one comment. They need to remove the reference to 11e(2) on page 2, line 4 of the written agreement. Otherwise, the legislation and regulations are adequate and compatible to assume regulatory responsibility over the radioactive material and activities specified in their written agreement. Let me know if you have any further questions. Joan
