Subject: Industry Responses to NRC Draft RAIs 7, 8 and 35 on NEI 08-09, "Cyber Security Plan for Nuclear Power Reactors"

Project Number: 689

Dear Mr. Morris:

By letter dated March 5, 2009, the Nuclear Energy Institute (NEI) submitted responses to draft requests for additional information (RAI) with the exception of RAIs 7, 8, and 35 to the Nuclear Regulatory Commission (NRC) for staff review and approval. Our letter indicated that responses to RAIs 7, 8, and 35 would be submitted on Wednesday, March 10, 2010. Accordingly, please find attached a table that contains industry's responses to RAIs 7, 8, and 35.

In the table attached, as with the previously submitted table, the left column contains the draft RAIs, the middle column contains NEI responses and considerations, and the right column contains proposed changes to NEI 08-09.

Sincerely,

A handwritten signature in black ink that reads "Jack W. Roe". The signature is written in a cursive, slightly slanted style.
