UNION CARBIDE CORPORATION, APPLICATION DATED FEBRUARY 8, 1973,
FOR AUTHORIZATION TO INCREASE THEIR POSSESSION LIMIT OF U-235

Project Reviewer - F. E. Stubblefield

The subject application is transmitted herewith for your
review and assistance.

The applicant has revised the process specifications and
requested an increase in possession limit previously
approved. Would you please evaluate the licensee's
revisions and conclusion that his criticality safety controls
are adequate.

Please have the evaluating specialist furnish Mr. Stubblefield
the man-hours required and expectant completion date as
soon as they have been established.
