

Tier / Group	Randomly Selected K/A	Reason for Rejection
1 / 1	295027 / EA2.03	It isn't possible to prepare a psychometrically sound question related to the subject K/A. Randomly and systematically replaced with K1.02 staying within the same EPE.
1 / 2	295009 / AK2.02	It isn't possible to prepare a psychometrically sound question related to the subject K/A. Randomly and systematically replaced with 295022 K2.01 maintaining balance of K2s.
1 / 2	295017 / AA1.09	KA was oversampled Randomly and systematically replaced with 295002 A1.08 maintaining balance of A1s.
2 / 1	205000 / K6.04	There was overlap between tier 1 and tier 2 (295021 A2.03) Randomly and systematically replaced with 205000 A2.03 staying with the same system.
2 / 1	215004 / K6.01	It isn't possible to prepare a psychometrically sound question related to the subject K/A.(A loss of RPS does not effect SRMs) Randomly and systematically replaced with K6.04 maintaining balance of K6s.
2 / 1	217000 / 2.2.4	The subject K/A isn't relevant at the subject facility. Randomly and systematically replaced with A3.01 staying with the same system.
2 / 1	262002 / A2.02	The subject K/A isn't relevant at the subject facility. Randomly and systematically replaced with K3.03 staying with the same system and maintaining balance across the group.
2 / 1	212000 / K3.08	KA balance Randomly and systematically replaced with K6.05 staying with the same system.
2 / 2	219000 / K4.10	The subject K/A isn't relevant at the subject facility. Randomly and systematically replaced with K4.05 staying with the same system.
2 / 2	216000 / 2.4.30	Not an RO duty Randomly and systematically replaced with 2.1.45 staying with the same system and maintaining balance within the group.
2 / 2	234000 / A1.02	KA was overlapped with question # 21 on the SRO Randomly and systematically replaced with 201001A1.03 maintaining balance of A1s.
2 / 2	259001 / K6.13	The subject K/A isn't relevant at the subject facility. Randomly and systematically replaced with K6.07 staying with the same system.
1 / 1	295003 / AK1.05	It isn't possible to prepare a psychometrically sound question related to the subject K/A. Randomly and systematically replaced with K1.02 staying with the same APE.

1 / 1	295005 / AA1.04	The subject K/A isn't relevant at the subject facility. Randomly and systematically replaced with A2.08 staying with the same APE maintaining the tier and group balanced.
1 / 2	295011 / 2.1.27	Knowledge of system purpose and / or function is not applicable to a Abnormal Topic Randomly and systematically replaced with 2.4.6 staying with the same APE.
2 / 2	226001 / K2.02	Double Jeopardy with 203000 K1.08 Randomly and systematically replaced with 239001 K1.10 system had not been sampled.
1 / 1 SRO	295024 / 2.1.27	K/A is not linked to 10CFR55 43(b) SRO only Randomly and systematically replaced with 295021 2.1.20 to keep balance of Generics.
2 / 1 SRO	209002 / 2.1.31	K/A is not linked to 10CFR55 43(b) SRO only Randomly and systematically replaced with A2.05.
2 / 1 SRO	205000 / A2.10	System is oversampled Question #27 on RO Randomly and systematically replaced with 203000 A2.16 to keep balance of A2s.
2 / 2 SRO	201003 / 2.4.31	K/A is not linked to 10CFR55 43(b) SRO only Randomly and systematically replaced with 234000 2.1.32 to keep balance of Generics.
3 / 3 SRO	G3 / 2.3.14	Oversampled Question #59 RO Randomly and systematically replaced with 2.3.4 to keep balance of Generics.
1 / 1 SRO	295027 / 2.2.3	K/A is not linked to 10CFR55 43(b) SRO only Randomly and systematically replaced with A2.03 staying with the same system.
2 / 2 SRO	215002 / 2.2.25	The subject K/A isn't relevant at the subject facility. Randomly and systematically replaced with 288000 A2.02 system had not been sampled.
1 / 1 SRO	295027 / EA2.03	It isn't possible to prepare a psychometrically sound question related to the subject K/A. Was also rejected from the RO Exam Randomly and systematically replaced with A2.01 to keep balance of A2s.
2 / 1 SRO	259002 / 2.4.34	It isn't possible to prepare an SRO psychometrically sound question related to the subject Randomly and systematically replaced with 218000 2.4.6 to keep balance of Generics.
3 / 4 SRO	G4 / 2.4.34	It isn't possible to prepare an SRO psychometrically sound question related to the subject K/A. Randomly and systematically replaced with 2.4.16 to keep balance of Generics.
1 / 1 SRO	295016 / 2.2.39	KA is RO Knowledge. Randomly and systematically replaced with 2.4.41 to keep balance of Generics.

2 / 1 SRO	300000/A2.01	It isn't possible to prepare an SRO psychometrically sound question related to the subject K/A. Randomly and systematically replaced with 239002 A2.01 to keep balance of A2s.
3 / 1	G1 / 2.1.5	Overtime tested on the JPM other part of KA is SRO only. Randomly and systematically replaced with 2.1.34 to keep balance of Generics.
2/2 SRO	204000 / 2.4.50	It isn't possible to prepare a psychometrically sound SRO question related to the subject K/A. Randomly and systematically replaced with 245000 A2.02 system had not been sampled.
3 SRO	2.1.45	It isn't possible to prepare a psychometrically sound SRO question related to the subject K/A. Randomly and systematically replaced with 2.1.05 to keep balance of Generics.
3 SRO	2.4.41	Oversampled Questions #3 & #7 SRO Randomly and systematically replaced with 2.4.29 to keep balance of Generics.
2/1 SRO	239002 / A2.01	CPS does not have a procedure to mitigate the effect of a stuck open SRV vacuum breaker. Randomly and systematically replaced with A2.03 staying with the same system.
1/2 SRO	295008 / 2.4.50	It isn't possible to prepare a psychometrically sound SRO question related to the subject K/A. Randomly and systematically replaced with 295017 2.4.4 to keep balance of Generics.
2/1	262002 / K3.03	Could not find a technical reference to support this K/A Randomly and systematically replaced with K3.15 staying with the same system and a K3.
2/1 SRO	209002 / A2.05	Loss of DC was oversampled with 3 questions. Randomly and systematically replaced with 209002 / A2.10 to stay with HPCS.
