

UNITED STATES
NUCLEAR REGULATORY COMMISSION
WASHINGTON, D.C. 20555-0001

March 30, 2010

Mr. Stewart B. Minahan
Vice President-Nuclear and CNO
Nebraska Public Power District
72676 648A Avenue
Brownville, NE 68321

SUBJECT: COOPER NUCLEAR STATION - CLOSEOUT OF BULLETIN 2007-01,
"SECURITY OFFICER ATTENTIVENESS" (TAC NO. MD7588)

Dear Mr. Minahan:

On December 12, 2007, the U.S. Nuclear Regulatory Commission (NRC) issued Bulletin 2007-01, "Security Officer Attentiveness" (Agencywide Documents Access and Management System (ADAMS) Accession No. ML073400150).

Nebraska Public Power District (the licensee) provided a response, dated February 7, 2008 (ADAMS Accession No. ML080430499), to Bulletin 2007-01 for Cooper Nuclear Station (CNS). The NRC staff reviewed the licensee's response and identified a need for additional information. The NRC staff issued a Request for Additional Information (RAI) to the licensee on June 30, 2008 (ADAMS Accession No. ML081780383). The licensee provided a response to the RAI on August 4, 2008 (ADAMS Accession No. ML082190530), which included detailed descriptions of the administrative and managerial controls to deter and address inattentiveness and complicity among licensee security personnel at CNS. Due to the sensitivity of the subject matter, some responses may contain Security-Related Information and may not be publicly available.

The NRC staff has reviewed the submitted information and has concluded that the response to Bulletin 2007-01 and the subsequent RAI is adequate for CNS. The bases for the NRC's conclusion have been documented in a memorandum, "Security Bulletin 2007-01, Security Officer Attentiveness: Summary Report" (ADAMS Accession No. ML093440311). Based on this review, Bulletin 2007-01 will be closed and no further action is required.

If you have any questions regarding this letter, please feel free to contact me at (301) 415-2296.

Sincerely,
