Subject: Meeting w/NRR and Dr. Mallett at 10:15am today 10/8

Importance: High

Marvin,

My understanding is that Jack Grobe will be coming up to talk to Dr. Mallett about programmatic implications with respect Crystal River. If Region II can call to Dr. Mallett's office at 301-415-1713 would be great.

The briefing for the Chairman on concrete delamination is at 11:00am. We are finding about linking you via teleconference.

Thank you.
Diana
