NRC Docket No: 70-7015

Subject: RESPONSE TO ORDER IMPOSING REQUIREMENTS FOR A REVIEWING
OFFICIAL FOR THE IMPLEMENTATION OF A SAFEGUARDS INFORMATION
PROGRAM

AES will comply with the three requirements of the Order (Ref 1). The requirements and required responses are provided below:

1. AES shall, in a written response to the Commission, inform the NRC whether this individual is approved as AES's reviewing official, based upon the required background check according to 10 CFR 73.22(b), for determining access to SGI by this individual. AES may, at the same time or later, submit the fingerprints of other individuals for whom it seeks to grant access to SGI. Fingerprints shall be submitted and reviewed in accordance with the procedures described in 10 CFR Part 73.

AES Response:

AES has nominated Mr. Donald Parker as its reviewing official. In accordance with 10 CFR 73.22(b), AES has completed a background check on Mr. Parker and approves Mr. Parker as the AES reviewing official.

2. AES shall notify the NRC of any desired change to the reviewing official. The NRC will determine whether this individual (or any subsequent reviewing official) may have access to SGI and, therefore, will be permitted to serve as the AES reviewing official, subject to AES performing the required 10 CFR 73.22 background check. The NRC will base its determination on a previously obtained or new criminal history records check.

AES Response:

AES will notify the NRC of any desired change to the reviewing official. Any changes will require NRC prior determination of whether the individual will be permitted to serve as the AES reviewing official (also subject to AES performing the required 10 CFR 73.22 background check).
