Bob, Luis, Cecil and George,

FYI,

I have created an inspection report number for you in the RPS. Your special inspection report for Crystal River 3 containment building separation followup is 05000302/2009-007. The inspection period is covered from 10/11/2009 -12/19/2009. Please charge your hours to this report accordingly.

Please let me know if you have any questions. Son Ninh
