Re: V. C. Summer Nuclear Station, Proposed Water Treatment Plant, Letter Report.

Dear Mr. Paglia:

Thank you for your letter of October 22, 2009, which we received on October 28, 2009, regarding the above referenced project. We also received three bound copies, one unbound copy, and 2CDs of the archaeological survey conducted by New South Associates as supporting documentation for this undertaking. The State Historic Preservation Office is providing comments to SCE&G pursuant to Section 106 of the National Historic Preservation Act and its implementing regulations, 36 CFR 800.

Based on the description of the Area of Potential Effect (APE) and the identification of historic properties within the APE, our office concurs with the assessment that no properties listed in or eligible for listing in the National Register of Historic Places will be affected by this project.

Since SHPO is not making any substantive comments to the report, we will proceed to distribute the required number of copies to SCIAA for their files.

If you have any questions, please contact me at (803) 896-6181 or [ccantley@scdah.state.sc.us](mailto:ccantley@scdah.state.sc.us).

Sincerely,

Chuck Cantley, MA, RPA
