**Importance:** High

In spite of our best efforts, the SECY package won't be ready until Monday/Tuesday (3/23 or 24) at the earliest. I have everything completed, but am waiting on the ADM part - ADAMs, etc.

Donna, please let your folks who are getting it know; Gary - I have the secretary name for Zimmerman - I don't know if you'll get it - assume you would. I'll let you know - I can bring you a hard copy too, or give you the ML - either way.

Joan, I'll bring a hard copy over to you with some background re: the VA SRM issue, as well as put it with the mail room for your official processing.

We're still trying to get comments/concurrence/NLO by 4/6/09 - depending on when we actually get the document out, that date might have shift.
