Subject: NJ Agreement Commission Paper

Rob:

All offices have concurred on the NJ Agreement paper. Minor edits and changes. Torre has made the changes and will have the paper ready for you on Monday morning. At this time, there is no specific mention of Shieldalloy in the paper. Detailed discussion of the decommissioning sites go in the final paper. Shieldalloy legal counsel is well aware of this paper and have made it clear that they plan to provide substantive comments. Torre has an alignment meeting scheduled with Charlie and George on April 9 and is close to having one with Marty.
