Here is the Federal Register Notice - the comment period closes on June 26, 2009. The docket id is NRC-2009-0142, via [www.regulations.gov](http://www.regulations.gov). You should be able to go in and search by that docket and see what public comments are coming in. I've also just learned that you can go to regulations.gov and you can sign up to get an email notification whenever something is posted to that docket.
