SUBJECT: PILGRIM NUCLEAR POWER STATION - CLOSEOUT OF BULLETIN 2007-01
"SECURITY OFFICER ATTENTIVENESS" (TAC NO. MD7636)

Dear Sir or Madam:

On December 12, 2007, the U.S. Nuclear Regulatory Commission (NRC) issued Bulletin 2007-01, "Security Officer Attentiveness" (Agencywide Documents Access and Management System (ADAMS) Accession No. ML073400150).

Entergy Nuclear Generation Company (the licensee) provided a response, dated February 9, 2008 (ADAMS Accession No. ML080450182), to Bulletin 2007-01. Once the licensee response was reviewed for Pilgrim Nuclear Power Station (Pilgrim), the NRC staff identified a need for additional information. To gather that information, the NRC staff issued a Request for Additional Information (RAI) to the licensee on July 8, 2008 (ADAMS Accession No. ML081840435). The licensee provided a response to the RAI on August 18, 2008 (ADAMS Accession No. ML082280143), which included detailed descriptions of the administrative and managerial controls to deter and address inattentiveness and complicity among licensee security personnel at Pilgrim. Due to the sensitivity of the subject matter, some responses may contain Security-Related Information and may not be publicly available.

The NRC staff has reviewed the submitted information and has concluded that your response to Bulletin 2007-01 and the subsequent RAI is adequate for Pilgrim. The bases for the NRC's conclusion have been documented in a memorandum, "Security Bulletin 2007-01, Security Officer Attentiveness: Summary Report" (ADAMS Accession No. ML093440311). Based on this review, your response to the Bulletin 2007-01 is considered closed and no further action is requested of you at this time.

If you have any questions regarding this letter, please feel free to contact me at (301) 415-4125.

Sincerely,

A handwritten signature in black ink that reads "James S. Kim".
