Dear Mr. MacNutt:

This is in response to your letter dated December 9, 1991, requesting an amendment to NRC License No. 20-15285-03E. The following items require additional information or clarification:

1. You requested a name change from Fenwal Incorporated to Kidde-Fenwal, Inc. Please review the enclosed NRC Information Notice No. 89-25: Unauthorized Transfer of Ownership or Control of Licensed Activities, and answer all items that apply to your situation concerning any changes in organization, procedures, and personnel.
2. You stated in your letter that, "We do not expect more than 2,000 units to be warehoused at any time, at any location, except at Kidde-Fenwal, Ashland, MA." You only indicated one point of distribution in your license application - 400 Main Street, Ashland, MA. Please clarify. If you do have other locations of distribution, please indicate the locations.
3. Please indicate if Nohmi Bosai, Ltd., receives the source from Amersham in the form of a foil or if they receive the source already in the button/holder.
4. From our conversation on May 14, 1992, it is our understanding that smoke detector models 7155 and 7156 are photoelectric, and do not contain radioactive material. Please verify.

You also referenced smoke detector models CPD7010 and 7011 in Paragraph 3.3.12.C. of your application. Please indicate if you wish to continue distributing these models.

5. Per our conversation on May 14, 1992, it is our understanding that you wish to keep the series for the smoke detectors as CPD-702X and CPD-704X, and to disregard the CPD-702X-4X series. Please verify.
