

**UNITED STATES
NUCLEAR REGULATORY COMMISSION**
WASHINGTON, D.C. 20555-0001

March 30, 2010

Mr. David A. Heacock
President and Chief Nuclear Officer
Virginia Electric & Power Company
5000 Dominion Blvd.
Glen Allen, VA 23060

SUBJECT: KEWAUNEE POWER STATION, MILLSTONE POWER STATION, UNITS 2 AND 3, NORTH ANNA POWER STATION, UNITS 1 AND 2, AND SURRY POWER STATION, UNITS 1 AND 2 - CLOSEOUT OF BULLETIN 2007-01 "SECURITY OFFICER ATTENTIVENESS" (TAC NOS. MD7611, MD7618, MD7619, MD7623, MD7624, MD7657 AND MD7658)

Dear Mr. Heacock:

On December 12, 2007, the U.S. Nuclear Regulatory Commission (NRC) issued Bulletin 2007-01, "Security Officer Attentiveness" (Agencywide Documents Access and Management System (ADAMS) Accession No. ML073400150).

Dominion Energy Kewaunee, Inc, Dominion Nuclear Connecticut, Inc, and Virginia Electric and Power Company (the licensees) provided a response, dated February 8, 2008 (ADAMS Accession No. ML080440268), to Bulletin 2007-01. Once the licensee's response was reviewed for the subject Dominion plants, the NRC staff identified a need for additional information. To gather that information, the NRC staff issued a Request for Additional Information (RAI) to the licensees on June 30, 2008 (ADAMS Accession No. ML081770646). The licensees provided a response to the RAI on August 4, 2008 (ADAMS Accession No. ML082190062), which included detailed descriptions of the administrative and managerial controls to deter and address inattentiveness and complicity among licensee security personnel at the subject Dominion plants. Due to the sensitivity of the subject matter, some responses may contain Security-Related Information and may not be publicly available.

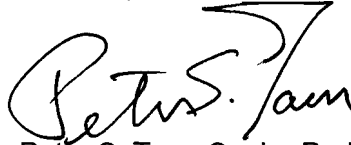

The NRC staff has reviewed the submitted information and has concluded that your response to Bulletin 2007-01 and the subsequent RAI is adequate for the subject Dominion plants. The bases for the NRC's conclusion have been documented in a memorandum, "Security Bulletin 2007-01, Security Officer Attentiveness: Summary Report" (ADAMS Accession No. ML093440311). Based on this review, your response to the Bulletin 2007-01 is considered closed and no further action is requested of you at this time.

D. Heacock
