

UNITED STATES  
NUCLEAR REGULATORY COMMISSION  
WASHINGTON, D.C. 20555-0001

March 25, 2010

Mr. Rodney M. Krich  
Vice President, Nuclear Licensing  
Tennessee Valley Authority  
3R Lookout Place  
1101 Market Street  
Chattanooga, TN 37402-2801

SUBJECT: BROWNS FERRY NUCLEAR PLANT, UNITS 1, 2, AND 3; SEQUOYAH NUCLEAR PLANT, UNITS 1 AND 2; AND WATTS BAR NUCLEAR PLANT, UNITS 1 AND 2 – CLOSURE FOR BULLETIN 2007-01 "SECURITY OFFICER ATTENTIVENESS" (TAC NOS. MD7572, MD7573, MD7574, MD7652, MD7653, AND MD7668)

Dear Mr. Krich:

On December 12, 2007, the U.S. Nuclear Regulatory Commission (NRC) issued Bulletin 2007-01, "Security Officer Attentiveness" (Agencywide Documents Access and Management System (ADAMS) Accession No. ML073400150).

Tennessee Valley Authority (TVA, the licensee) provided a response, dated February 11, 2008, (ADAMS Accession No. ML080440412) to Bulletin 2007-01. Once the licensee response was reviewed for TVA sites, the NRC staff identified a need for additional information. To gather that information, the NRC staff issued a Request for Additional Information (RAI) to the licensee on June 27, 2008 (ADAMS Accession No. ML081770660). The licensee provided a response to the RAI on August 1, 2008 (ADAMS Accession No. ML082180184), which included detailed descriptions of the administrative and managerial controls to deter and address inattentiveness and complicity among licensee security personnel at TVA sites. Due to the sensitivity of the subject matter, some responses may contain Security-Related Information and may not be publicly available.

The NRC staff has reviewed the submitted information and has concluded that your response to Bulletin 2007-01 and the subsequent RAI is adequate for the above-referenced TVA sites. The bases for the NRC's conclusion have been documented in a memorandum, "Security Bulletin 2007-01, Security Officer Attentiveness: Summary Report" (ADAMS Accession No. ML093440311). Based on this review, your response to the Bulletin 2007-01 is considered closed and no further action is requested of you at this time.

R. Krich
