Subject: Region I Morning Call Notes for Thursday, December 17, 2009

INFORMATION SENSITIVITY CAUTION -- This e-mail contains preliminary, pre-decisional information and notes gathered in the Region Morning Call discussions. It is restricted to NRC internal use only by Clearinghouse screening meeting participants and is NOT to be distributed further nor used for management decisions. Information from these notes that has been screened by the team may appear in the daily IOEB OpE Screening Summary e-mail, which can be subscribed to by anyone in NRC via the "Reactor OpE Information Gateway" link on the NRR home webpage.

Event Notifications: None

Preliminary Notifications: None

Region I Morning Call Notes:

Update – TMI – Outage

The licensee has completed welding the cold legs and are working on hot leg welds today. They expect to perform the final passes on the containment liner and start pouring concrete later this week. Region I has an ISI team on-site monitoring the licensee's actions. *(Forward to TRG for Containment; Jerome Bettel and Primary Materials; Keith Hoffman, assigned to Mike Brown)*
