Subject: Financial assurance

(NOTE: This will be used as the Documents Title in ADAMS)

I called for an update on the progress towards a financial assurance instrument. Joel stated that they straightened out several major issues last week, and expect to be getting things signed in a short time. He told me that they are using a surety bond. I reminded him that they also have to send a Certification of Financial Assurance. He was not familiar with that, so I emailed him the link to the NUREG 1757 volume 3 and listed the sections that relate to the CFA, and the surety (also reminding him that a Standby Trust is needed with a Surety Bond).

Action Required: Wait for instrument
