

March 23, 2010

Dr. B. John Garrick  
Chairman  
U. S. Nuclear Waste Technical Review Board  
2300 Clarendon Boulevard, Suite 1300  
Arlington, VA 22201

Dear Dr. Garrick:

Thank you for presenting at the U.S. Nuclear Regulatory Commission's (NRC) 22nd Annual Regulatory Information Conference (RIC), March 9 – 11, 2010, in Rockville, Maryland. This year the total number of participants reached over 2,800 participants including international representatives from over 25 countries.

Initial feedback from participants indicates that this year's RIC was another resounding success. Your dedication and support helps the U.S. NRC to "raise the bar" each year to develop a comprehensive program filled with discussion topics that are timely and relevant.

Your presentation on "An Independent Perspective on the Elements of an Effective Oversight Process" during The Reactor Oversight Process—Retrospective and Future session provided important information and another perspective about initiatives that are underway in the nuclear arena. The interest of the attendees was evident by the range of questions raised during the question-and-answer period following the panel presentations.

All final presentation slides and questions that were not addressed during the conference are being compiled and will be posted on the NRC's RIC website at: <http://www.nrc.gov/public-involve/conference-symposia/ric/index.html>. Again, thank you you for your participation at NRC's 2010 Regulatory Information Conference. It is your commitment and support that helped to make the RIC a success.

Warm regards,

*/RA/*

Frederick D. Brown, Director  
Office of Nuclear Reactor Regulation  
Division of Inspection and Regional Support  
U. S. Nuclear Regulatory Commission
