**PETERSON AGREES TO CONCUR  
WITH U.S. DOE's MOTION TO  
STAY THE PROCEEDING**

138) February 1, 2010, DOE advised NRC Hearing Docket No. 63-001 participating counsel that DOE intends to withdraw it's pending application for a Construction Permit with prejudice. 139) DOE has motioned to stay the proceeding. DOE counsel has made a sincere attempt to confer with counsel for the parties prior to filing its motion, including holding telephone conferences. 140) As a result of the consultations parties have agreed to concur with DOE's motion.

141) **Peterson agrees to concur with DOE's motion** to stay the proceedings.

## AFFIDAVIT

142) I, William D. Peterson, have since last August been receiving many pleadings and have submitted several pleadings in the NRC Hearing Matter, Docket No. 63-001 HLW by NRC's via the Electronic Information Exchange system. 143) I thought I had participated as a party. 144) I have a 300-year SNF permanent disposal solution that I have developed that I believe may be the only way SNF can be disposed of in real time. 145) I have wanted to be a party. 146) However I have been instructed by the Hearing Judges that I am not a party. 147) In fact I have been instructed that I have never been a party. 148) I have appealed to become a party. 149) If I have done something wrong, I apologize. 150) If the NRC Commissioners accept my appeal and allow me to become a party, or if I am still a party or if I am not a party, in any party status, I do agree to concur with DOE's Motion to stay the proceedings of this matter Docket No. 63-001 HLW. 151) However, I expect that this would not alter my further seeing this matter in the U.S. Court of Appeals for the District of Columbia Circuit, in Case No. 10-1007 where I have appealed in hopes of applying my 300-year SNF disposal solution to further nuclear power, to replace America's use of oil with nuclear-power-made electricity and hydrogen, to make the U..S. independent of importing oil, to balance trade, to enable the U.S. to have total balance of trade, to fix the U.S. deficit which I believe is a consequence, and actually is the imbalance of trade.

152) This Affidavit signed this \_\_\_\_\_ day of March, 2010.

William D. Peterson  
300-year SNF permanent disposal solution  
and 3-year plan for oil independence  
and start for balanced trade

On the 11th day of March, A.D. 2010, personally appeared before me William D. Peterson, who being duly sworn, duly acknowledged to me, the execution of the forgoing.
