Subject: Pre-licensing visit, License application request for additional information.

On March 18, 2010, at 0730 Hrs., I called the applicant to arrange a pre-licensing visit to their office. There was no answer so I left a message on their voice message system. On March 19, 2010, at 1515 Hrs., the applicant returned my call. I informed the RSO, Joseph Sulesky, that I had called to arrange a visit to their facility as part of the licensing process, and that I would be unable to visit the office because I was no longer in the area. In order to gain more information about the applicant for the licensing process, I asked the RSO the following questions:

- How many, and what model gauge(s) do you plan to acquire under this license? The RSO stated that they would be acquiring a single Troxler Model 3400 series gauge.
- Were you an authorized user on another NRC license? The RSO stated that he has worked in the industry for 20 years, and until recently he was an authorized user under NRC license 47-24836-01, Alliance Consulting, Inc., located in Beaver, West Virginia. The RSO provided the names of contact persons for Alliance Consulting that could attest to his training and use of gauges. The contacts names are David Irle, RSO, or Charley Parkulo.
- How long has the company, CENTEC, been in operation? The RSO stated since January 2010.

Action Required: Document this telephone record in ADAMS as part of the new applicants licensing action, Mail Control 144503; Docket 030-38261; License 47-31404-01.
