**RE:** License #: 40-29306-01, Docket # 030-37799  
**Subject:** Amendment to License

Dear Mr. Torres:

This letter is a request to amend our material license # 40-29306-01.

We are requesting a change of Radiation Safety Officer from Patricia Tibbetts to Nastassia Alavi (Attached are the education and training Nastassia Alavi has received). Also we would like to add Patricia and Nastassia as authorized users on the license.

Additionally, we are requesting that the reference in "Section 9 Authorized Use A. through K." be amended to include solid samples in addition to the water samples.

Lastly, the licensee name should read Mid Continent Testing Laboratories, Inc. with no dash between "Mid" and "Continent". This is not a name change but rather a correction of a typographical error to state our registered legal name.

Sincerely,

A handwritten signature in black ink that reads 'Dean Aurand'. The signature is fluid and cursive, with the first and last names being clearly legible.

Dean Aurand, President
