SUMMARY

We have reviewed your letter dated December 21, 2009, requesting an amendment to your byproduct materials license. We find that we need additional information as follows:

Please resubmit your application for an amendment in its entirety, focusing on the responses and commitments in Appendix B in NUREG-1556, Vol. 4, dated October 1998.

- 1. You requested that we amend your license by adding Ra-226 calibration source and then subsequently provided the serial number for that source. This information is insufficient for us to process this amendment request. Please provide the source or device's manufacturer name and model number. The manufacturer's name and model number should match the Sealed Source Device Registry for the material that you are requesting to be added to your license.**
- 2. We now require a total possession limit for each radionuclide requested, as well as providing the "per source" activity you need, which should match the Sealed Source and Device Registry certificate procured by the vendor. Please provide this information, and it is acceptable to request more sealed sources than you may actually need immediately, to allow for some growth, so long as the request is reasonable and realistic.**

We will be unable to continue processing your request until we receive this information.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice, " a copy of this letter will be available electronically in the NRC Public Document Room or from the Publicly Available Record (PARS) component of NRC's document system (ADAMS) accessible from the NRC Website at <http://www.nrc.gov/reading-rem/adams.html>.

ACTION REQUIRED

Please submit the requested information within 30 calendar days (by April 18, 2010) by referencing control number **318741** to facilitate proper handling. As we cannot issue an amendment at this time we are voiding this request in order to enable you to prepare a quality application without time constraints. This is done without prejudice to the resubmission of your request at a later date. Upon receipt of your response we will resume our review. Address your written response to my attention at the above address using the control number 318741 to facilitate proper handling.

PLEASE NOTE THAT A "VOID" IS AN ADMINISTRATIVE PROCEDURE THAT PUTS YOUR AMENDMENT REQUEST "ON HOLD" (TAKES IT OUT OF OUR ACTIVE CASEWORK DATABASE) UNTIL YOU REACTIVATE IT VIA SUBMISSION OF A WRITTEN RESPONSE. IT "BUYS" YOU TIME TO PREPARE A QUALITY RESPONSE AND IS GENERALLY REGARDED AS A "GOOD THING."

① PLEASE DIRECT ANY QUESTIONS YOU MAY HAVE TO ME AT 630-829-9752 or (800) 522-3025, EXT. 9752.

② In the alternative, if you cannot reach me, you may contact Colleen Carol Casey at 630-829-9841 or (800) 522-3025, EXT. 9841.
