I made some edits, let me know if it still works. I deleted the 1-5 document reviews at GEH on Tuesday. We were planning to attend the scoping meeting. If the ANL folks absolutely need this time, Al and I will split up and one of goes to the early scoping meeting, then swap for the evening one.

Call me if you have questions. Thanks

Julie,

Per our conversation this morning I have attached a draft schedule for our site visit. As we discussed, this will change based on your contractor's availability and the possible addition of the tours for FMO and air sampling / emissions.

Thanks.
