Dear Mr. Von Till:

**Subject: Status of Comments sent to the Nuclear Regulatory Commission (NRC)**

The Wyoming Mining association (WMA) sent the following letters of comment to the Commission with copies sent to you:

- ♦ **Comments on the April 23, 2009 Letter Entitled SUMMARY OF APRIL 16, 2009 MEETING WITH LOST CREEK ISR, LLC** – Dated July 23, 2009
- ♦ **Wyoming Mining Association - Comments on NRC REGULATORY ISSUE SUMMARY 2009-05 URANIUM RECOVERY POLICY REGARDING: (1) THE PROCESS FOR SCHEDULING LICENSING REVIEWS OF APPLICATIONS FOR NEW URANIUM RECOVERY FACILITIES AND (2) THE RESTORATION OF GROUNDWATER AT LICENSED URANIUM IN SITU RECOVERY FACILITIES** – Dated June 3, 2009

The Association has not received any form of written reply to either letter. In the case of the July 23, 2009 letter, Commission staff suggested a conference call with Association members regarding the issues raised in the letter; however the Association expressed its preference for a written response. The issues raised by the letter were discussed at the public meeting in Denver, Colorado in November 2009 and it was indicated that a response would be forthcoming.

The Wyoming Mining Association (WMA) would appreciate a reply to these letters of comment as the issues raised by them are of concern to its uranium recovery industry members.

If you have any questions please do not hesitate to contact me.

Sincerely yours,  
WYOMING MINING ASSOCIATION
