SUBJECT: VIRGIL C. SUMMER NUCLEAR STATION UNITS 2 AND 3 COMBINED LICENSE APPLICATION EMERGENCY PLAN REVIEW SCHEDULE

Dear Mr. Clary:

This letter informs you that the staff intends to change the schedule for the emergency planning review for the Virgil C. Summer Nuclear Station (VCSNS), Units 2 and 3, combined license (COL) application. The reason for the change is the delay in your response to Federal Emergency Management Agency's (FEMA) request for additional information (RAI) regarding your offsite emergency plan by the March 15, 2010 deadline established by the staff. The staff expects the change in the emergency plan review schedule to impact the overall review schedule for the VCSNS COL application.

The FEMA RAI involves your proposal to use the offsite emergency planning zone for the existing VCSNS Unit 1 and apply it to Units 2 and 3. FEMA is waiting for you to respond to the RAI stating that the impacted counties agree to this approach. FEMA's interim findings report for offsite emergency planning is being delayed because of this RAI response. The staff will come to a conclusion on its emergency plan review after FEMA provides its interim findings report.

The staff understands that you intend to provide information to address the FEMA RAI on or before May 15, 2010. When the staff receives this information, it will work with FEMA to establish a new schedule for the emergency plan review. Depending on the extent of new information in your response the staff expects a delay of several weeks to several months for the COL application review.

Should you have any questions regarding this matter, please contact the chapter project manager for the emergency plan review, Denise McGovern at 301-415-0681 or via email at Denise.McGovern@nrc.gov. Alternatively, you can also contact the safety project manager for the VCSNS COLA, Joe Sebrosky at 301 415-1132 or via e-mail at Joseph.Sebrosky@nrc.gov.

Sincerely,
/RA/

David Matthews, Director
Division of New Reactor Licensing
Office of New Reactors
