Dear Sir or Madam:

Putnam County Hospital would like to amend its NRC Byproduct Materials License, Number 13-2602802, to delete Condition 10.B., which authorizes the use of licensed materials at temporary job sites of medical care facilities. Putnam County Hospital no longer anticipates the need to conduct work at temporary job sites. In addition, we request the deletion of Condition 14, which is no longer necessary with the cessation of work at temporary job sites.

If there are any questions concerning this license amendment, please contact our nuclear medicine physicist, Mr. Patrick J. Byrne, DABR, CHP, DABSNM, at 877-317-5811.

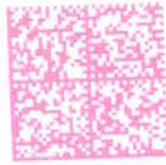

Sincerely,

Joseph Hunt, M.D.  
Radiation Safety Officer
