Subject: Nuclear Regulatory Commission (NRC) Response to your Reply to a Notice of Violation (associated with NRC Inspection Report 71-0935/2009-201)

Gentlemen,

I have reviewed the written reply submitted by EnergySolutions, dated March 22, 2010, as a supplement to your submittal dated November 13, 2009 and in response to the NRC Notice of Violation, associated with NRC Inspection Report 71-0935/2009-201. This message does not indicate acceptance of your actions, but does acknowledge receipt of your written response. The corrective actions that you will take, or have taken, may be reviewed at a later time by the NRC. Accordingly, your proposed and/or completed corrective actions should be handled as directed in accordance with your quality assurance program and associated implementing procedures. Thorough documentation of your corrective action is very important in supporting verification of all corrective actions associated with the noted inspection report.

Sincerely,

Jim Pearson
Senior Transportation and Storage Safety Inspector
Division of Spent Fuel Storage and Transportation
Office of Nuclear Materials Safety and Safeguards
United States Nuclear Regulatory Commission
