**Subject:** GIS data from U1

Hi Behram,

Could we see if U1 might be able to supply a few additional GIS layers to aid us in our graphics-creation efforts? They (well, technically Arcadis) made some beautiful color graphics that are completely meaningless in black & white.

If we could get a copy of the data used in their land use figure, that would be enormously helpful.

They are more than welcome to upload them to a new folder on our FTP site:  
<ftp://ftp.vhb.com/incoming/>

Login information is:

Username: (b)(4)  
Password: (b)(4)

Let me know if this will be problem, and we will make do without it.

Thanks!
