Mr. Joseph A. (Buzz) Miller  
Executive Vice President  
Nuclear Development  
Southern Nuclear Operating Company  
P. O. Box 1295  
Birmingham, AL 35201

SUBJECT: VOGTLE ELECTRIC GENERATING PLANT, UNITS 3 AND 4 - COMBINED  
LICENSE APPLICATION - ADVANCED SAFETY EVALUATION WITHOUT  
OPEN ITEMS FOR CHAPTER 13, "CONDUCT OF OPERATIONS"

Dear Mr. Miller:

The U.S. Nuclear Regulatory Commission staff is preparing an Advanced Safety Evaluation (ASE) without open items (OIs) for each chapter of the Vogtle Electric Generating Plant (VEGP), Units 3 and 4 Combined License Application (COLA) submitted by Southern Nuclear Operating Company (SNC) on March 28, 2008.

The staff's ASE without OIs for Chapter 13, "Conduct of Operations," is being provided to the Advisory Committee on Reactor Safeguards (ACRS) Subcommittee to support upcoming meetings of the ACRS Subcommittee, scheduled to be held in December 2010.

The enclosed ASE without OIs is being provided only to SNC for review of proprietary information pursuant to Title 10 of the *Code of Federal Regulations* (10 CFR) 2.390 "Public Inspections, Exemptions, Requests for Withholding." The staff concludes that the enclosed ASE does not contain any information for which exemption from public disclosure has been sought or approved or any factual errors. However, the NRC will withhold the enclosed ASE from public disclosure for ten business days from the date of this letter to allow you the opportunity to verify the staff's conclusion that the ASE contains no such exempt information or any factual errors. If within the ten day period, you do not request that all or portions of the ASE be withheld from public disclosure, the enclosure will be made available for public inspection through the NRC Public Document Room and the Publicly Available Records component of NRC's Agencywide Documents Access and Management System (ADAMS) and placed on the NRC's public web page for this application.

Document transmitted herewith contains sensitive unclassified information. When separated from the enclosure this document is "DECONTROLLED."

In addition to the proprietary review, the staff requests that you perform a review for security-related sensitive unclassified non-safeguards information (SR-SUNSI). The staff concludes that Section 13.6, "Physical Security," and Section 13.8, "Cyber Security," do not contain SR-SUNSI and that these Sections can be released to the public. However, the staff will withhold the attached SE from public disclosure pending your confirmation that the information does not include SR-SUNSI.

If you have any questions, please contact Ms. Denise McGovern at (301) 415-0681, [denise.mcgovern@nrc.gov](mailto:denise.mcgovern@nrc.gov) or Mr. Ravindra Joshi, the lead project manager for the VEGP COL application, at (301) 415-6191, [ravindra.joshi@nrc.gov](mailto:ravindra.joshi@nrc.gov).

Sincerely,

**/RA/**

Jeffrey Cruz, Chief  
AP1000 Projects Branch 1 (NWE1)
