Gentlemen:

By letter dated May 18, 1980, your company submitted a combined physical security plan for Licenses R-81 and SNM-639. The plan was incorporated into License R-81 by Amendment No. 20 dated July 12, 1983, and into License SNM-639 by Commission letter dated May 26, 1983.

The physical security plan for the reactor license was processed as a part of the renewal application for License R-81 for which a Class IV fee of \$6,000 was paid. However, no fee was paid for review of the plan in connection with License SNM-639. Accordingly, a safeguards amendment fee of \$2,800 is required for License SNM-639 in accordance with fee Category 1G of \$170.31 of the previous fee schedule, copy enclosed. (The staff-hour expenditures for the May 26 approval amounted to \$8,094). Payment of the \$2,800 should be made to the U.S. Nuclear Regulatory Commission and mailed to my attention.

We apologize for the delay in notifying you of the fee due. If you have any questions concerning the fee, please let me know.

Sincerely,

Original Signed By
