Dear Mr. McCartney:

On March 22, 2010, the US Nuclear Regulatory Commission (NRC) issued the subject meeting notice for the Robinson Steam Electric Plant, ADAMS accession ML100810301. In reviewing this notice, it was noted that we inadvertently included the incorrect annual assessment letter link in the enclosure. Accordingly, we are providing a revised version of the meeting notice that includes a link to the most current annual assessment letter.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). ADAMS is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html> <http://www.nrc.gov/NRC/ADAMS/index.html>. (The Public Electronic Reading Room).

I apologize for any inconvenience this error may have caused. If you have any questions, please contact me at (404) 562-4603.

Sincerely,
