General Comment

In the second paragraph of the "Background" section of the petition, the petitioner states "... contrary to existing laws, the administration proposed a \$0 budget for Yucca for FY 2011." While the petitioner does not specifically cite the laws to which he is referring, those laws likely include the DOE's fiscal 2010 spending bill (FY 2010 Energy and Water Appropriations Act, P.L. 111-85), the Nuclear Waste Policy Act of 1982, Agreements made by the DOE to States, the National Environmental Policy Act, the Administrative Procedure Act, and possibly even the Separation of Powers under the U.S. Constitution. All of these laws have been cited in publicly available information pertaining to the proposed termination of the Yucca Mountain Repository. In addressing this petition, the NRC should clearly address those laws which previously provided bases for NRC's Waste Confidence Decision.
