(NOTE: This will be used as the Documents Title in ADAMS)

12:30 I was informed that the Administrator would be returning about 1:00 p.m. The Radiation Safety Officer was not available.

13:20 I spoke to Ms. Gissell. She stated that the renewal application had been sent out via certified mail last week. I inquired as to where it had been sent and she said the application was sent to Atlanta, Georgia. I requested that a copy of the application be sent to King of Prussia, PA since Region I had taken over the licensing responsibilities from Region II four years ago. She asked if she could fax it to us and I provided the information to her about to whom the fax should be made out to and the fax number.
