April 6, 2010

Dear Jose:

*In response to our telephone call on April 4<sup>th</sup> the following changes have been made:*

**8.12—AUTHORIZED USERS:**

**John J. Waddell, M.D.—10 CFR 35.100—Use of unsealed byproduct material for uptake, dilution, and excretion studies for which a written directive is not required.**

**10 CFR 35.200—Use of unsealed byproduct material for imaging and localization studies for which a written directive is not required.**

**Lynn Carlton, M.D.—10 CFR 35.100---Use of unsealed byproduct material for uptake, dilution, and excretion studies for which a written directive is not required.**

**10 CFR 35.200---Use of unsealed byproduct material for imaging and localization studies for which a written directive is not required.**

**Luzviminda Sicat, M.D.—10 CFR 35 100---Use of unsealed byproduct material for uptake, dilution, and excretion studies for which a written directive is not required.**

**10 CFR 35.200---Use of unsealed byproduct material for imaging and localization studies for which a written directive is not required.**

**Cathy Jo Parsells, D.O.—10 CFR 35.100—Use of unsealed byproduct material for uptake, dilution, and excretion studies for which a written directive is not required.**

**10 CFR 35.200—Use of unsealed byproduct material for imaging and localization studies for which a written directive is not required.**

**No PET isotopes are used.**

**8.16 ITEM 9: FACILITY DIAGRAM:**

On the diagram we submitted the Radioactive material is delivered to the Hot Lab Nuclear Medicine scan room is the area of use. The East and South walls are outside walls. The room is on a concrete slab and there is nothing above the roof, it is a one story structure.

**No PET isotopes are used.**

**8.23 ITEM 10: OCCUPATIONAL DOSE:**

We will provide dosimetry that meets the requirements listed under "Criteria" in Nureg-1556, Volume 9, Revision 2, "Consolidated Guidance About Materials Licenses: Program specific Guidance about Medical Use Licenses

**8.24 ITEM 10: AREA SURVEYS:**

I have edited the following statement:

We have developed and will **implement** and maintain written procedures for area surveys in accordance with 10 CFR 20.1101 that meet the requirements of 10 CFR 20.1501 and 10 CFR 35.70

These are the changes we discussed for our NRC License 24-32222-01 renewal application. Thanks for your help.
