Paul,

I have checked my files and have not been able to locate a CD for NPD-NRC-2009-233, and the file in ADAMS does not indicate that the letter was part of a package. I am assuming that a CD was not included with the letter.

Please provide an electronic copy of the original figure for the revised vicinity map attachment (Attachment 4.3.1-1B) that was included with the November 23, 2009 RAI clarification (NPD-NRC-2009-233). The SME is having difficulty distinguishing the cover types on the pdf scan that was include as the last page of NPD-NRC-2009-233.

Thanks,

Doug
