Cindy et al: Howard Hayes is the Program Administrator in charge of the Non-Phosphate Section (Limestone, Sand, Fuller's Earth, Heavy Minerals, etc) of the Bureau of Mining and Minerals Regulation. Howard tells me that Dave Adams of that section is our Project Manager for the Tarmac Kings Road Mine. Howard and Dave can be contacted at the same phone and address as me, or by their e-mails above.

Thanks, Bud

Hi Cindy-

Mine permits are processed out of the Mine Reclamation office. Bud Cates is the Program Administrator, 850/488-8217 Ext. 34. If there is an application he should be able to get you the right place.

Environmental Supervisor
