Dear Sir or Madam:

This is a request to amend our USNRC Broad Scope/Medical License with regard to Amendment 90 for the use of a Nucletron microSelectron HDR Afterloading System.

Conditions were written into our original amendment based on regulatory requirements that existed prior to the revision of 10 CFR Part 35. We intend to realign our operations to comply with the current requirements of 10 CFR 35 Subpart H.

Sincerely

Robert A Zoon, M.E., M.S.
