**UNITED STATES OF AMERICA NUCLEAR REGULATORY
COMMISSION**

BEFORE THE ATOMIC SAFETY AND LICENSING BOARD

April 6, 2010

In the Matter of)	
Entergy Nuclear Generation Co.)	Docket No. 50-293-LR
and Entergy Nuclear Operations, Inc.)	
)	ASLBP No. 06-848-02-LR
(Pilgrim Nuclear Power Station))	

**TOWN OF PLYMOUTH, MASSACHUSETTS
MOTION TO RESCHEDULE TELEPHONE CONFERENCE TO ADDRESS
FUTURE COURSE OF PROCEEDING**

Pursuant to 10 C.F.R. § 2.323(a) (2009), The Town of Plymouth, Massachusetts (“Plymouth”) respectfully submits the instant motion to reschedule the conference call currently scheduled for April 8, 2010. On April 1, 2010, an order was issued stating that that Atomic Safety and Licensing Board (“ASLB”) will hold a telephone conference to address the future course of this proceeding in light of the Nuclear Regulatory Commission’s recent decision in Docket No. CLI-10-11. The order further stated that at the conference, the parties shall be prepared to discuss the issues remaining for adjudication, the need for discovery on these issues, the time needed to prepare for a hearing, and any other matters relevant to the Commission’s remand of the proceeding. In addition, the order noted that if any party will be unavailable on the date established, the conference may be rescheduled.

Counsel for Plymouth will be out of the country on April 8, 2010 and therefore unavailable to participate in the call that day. Counsel for Plymouth will be available any day

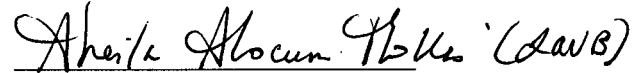

during the first or third week in May, except for Friday, May 21, 2010. Accordingly, in light of the other parties' availability, discussed below, Plymouth respectfully requests that the conference call be moved to either May 3, May 4 or May 5. Plymouth contacted the other parties in this proceeding to determine whether they would be willing to reschedule the conference call. Pilgrim Watch has indicated that it also plans to file a motion requesting to reschedule. Pilgrim Watch stated that the third week in May will work best, but it is also available during the first week in May except for May 6 and May 7.¹ Entergy opposes delaying the conference call until May, but has indicated that it is available during the first week in May or May 21. Staff also opposes moving the call into the month of May and proposes a date of either April 20 or 21.

Although Plymouth is participating in this proceeding as an interested party, it would like to stay informed on the future course of this proceeding which will be the topic of discussion on the conference call. The Pilgrim Nuclear Power Station is located in Plymouth and for that reason, Plymouth has a substantial interest in the outcome of this proceeding. Accordingly, notwithstanding Staff's and Entergy's reluctance to reschedule the conference call to a date within the month of May, Plymouth respectfully requests that the call be moved to the first week in May on either May 3, May 4 or May 5 which will not result in a substantial delay in the timing of the proceeding.

¹ Plymouth notes that it does not object to rescheduling the call to the third week in May (except May 21) which appears to be the best time for Pilgrim Watch.

Based on the foregoing, Plymouth respectfully requests that this motion to reschedule be granted.

Respectfully submitted,

Handwritten signature of Sheila Slocum Hollis in cursive, with the initials "(SAB)" at the end.
