Dear William P. Relchhold:

Please find the enclosed NRC Materials License application for our nuclear medicine facility. We are requesting concurrent processing with the license termination for Heart and Vascular Physicians NRC Material License #21-32562-01

**Item #1 Please void our NRC Materials License application dated January 22, 2010, control number 318778.**

**Item #2 We request a new NRC Materials License for Delair Gardi, M.D. at the following address of use:**

Delair Gardi, M.D.  
Harper Professional Building  
4160 John R suite 724  
Detroit Michigan 48201

In the interest of continued patient care it is hoped that the issuing of our new NRC Materials License for Delair Gardi, M.D. will coincide with the termination of the Heart and Vascular Physicians NRC Material License.

We will not use any PET radionuclides on this license.

We appreciate your assistance with this amendment. If you have any questions or require additional information, please contact our physicist, Kevin B. Miller at 734-662-3197.

Sincerely,

Delair Gardi, M.D
