Hi Joan,

Welcome back!

Got your voice message - I don't have a briefing package per se. I'll have an agenda that I'll send once I have it updated. Other than that, I'll have a copy of the final SECY and the public comment analysis for you at the meeting.

As far as I know, the meeting is still at 4:30 - I really hope it doesn't go later - I caught a cold by the end of the week and don't feel so hot - don't really want to stay after hours any longer than I already will be....
