

ERO Drill Participation Performance Indicator

Emergency Response Organization (ERO) Key
ERO Member Drill Performance Indicator (PI)
Credit Requirements

Eric Schrader, Emergency Preparedness Specialist
April 8, 2010

Background

- Reactor Oversight Process (ROP)
Emergency Preparedness (EP)
Cornerstone development did not consider a Nuclear Fleet concept:
 - Common Emergency Operations Facilities (EOFs)
 - Corporate ERO support of multiple sites
 - Corporate Emergency Response Procedures supporting multiple sites

ERO Drill Participation PI Basis

- SECY 99-007 “Recommendations for Reactor Oversight Process Improvements”
 - ERO Drill Participation PI basis
 - Licensee’s self assessment program is critical to ensuring readiness

ERO Drill Participation PI Basis

- SECY-99-007 Appendix D,
EP Cornerstone Key Attributes:
 - ERO Performance
 - ERO Readiness
 - Facilities and Equipment
 - Procedure Quality
 - Offsite EP

ERO Drill Participation PI Basis

- MC -0308 Reactor Oversight Process Basis Document:
 - Attachment 1 “Technical Basis for Performance Indicators”
 - Attachment 2 “Technical Basis For Inspection Program”

NEI 99-02 Regulatory Assessment Performance Indicator Guideline

- ERO Drill Participation PI requirements
 - Frequency
 - Participation
 - Event

NRC STAFF CONCERNS

- EP PI's are reported for a specific site
- ERO Drill Participation PI linkage with the DEP PI
- Maintaining site specific Key ERO member competency
- Plan and procedure changes
- EP Corrective Action Program
