On behalf of the staff of the U.S. Nuclear Regulatory Commission (NRC), I would like to invite you to a meeting of government officials, scheduled for Thursday, May 6, 2010, to discuss the role that the NRC will play in the review of the forthcoming application from PSEG Power, LLC and PSEG Nuclear, LLC (PSEG), for an Early Site Permit for a potential nuclear unit at the proposed site in Lower Alloways Creek Township, Salem County, New Jersey (adjacent to the existing Salem and Hope Creek nuclear power plants). The government official meeting will be closed to the public. That evening, we will also hold an Open House and a Public Outreach meeting, which are both open to the public.

All outreach activities will be held at the Davidow Performing Arts Theater in Salem Community College, Carney's Point, New Jersey. The timings of these activities are as follows:

Government official meeting: 10:00 a.m. - 12:00 p.m.

Open House: 5:00 p.m. - 7:00 p.m.

Public Outreach Meeting: 7:00 p.m. - 9:30 p.m.

We have invited representatives from Federal Emergency Management Agency, Environmental Protection Agency, Salem County, New Jersey (NJ), Cumberland County (NJ), New Castle County, Delaware (DE), and Kent County (DE), as well as State officials from New Jersey and Delaware, and Senate and House of Representatives from these States. At the meeting, we will discuss the NRC's regulatory process for an Early Site Permit with a focus on the safety and environmental review process. We hope to have an interactive meeting and will entertain any questions or comments that you may have.

Sincerely,
